PROFILE

Third-year B.E. Computer Science and Engineering student interested in software development and emerging technologies. Enjoys exploring programming concepts, developing applications, solving logical problems and continuously improving technical skills through practical projects.

EDUCATION

B.E. Computer Science and Engineering (2024 - 2028) **CGPA: 9.0/10**
PSNA College of Engineering and Technology - currently in third year

HSC - Sai Ram Matric Higher Secondary School (2024) **92%**

SSLC - Sai Ram Matric Higher Secondary School (2022) **90%**

TECHNICAL SKILLS

Programming Languages: C , Java , Python
Web Technologies: HTML , CSS
Tools & Platforms: VS Code, Git & GitHub , Linux
Concepts: OOP Concepts , Data Structures (Arrays and Strings)
Soft Skills: Problem Solving, Teamwork & Collaboration, Time Management, Adaptability, Self-Motivation

PROJECTS

Fruit CNN Classifier
- CNN-based image classification app - Apple / Mango / Orange. Python, TensorFlow, HTML, CSS, JavaScript.

Student Management System
- Java application to manage student details using object-oriented programming concepts.

JavaFX Desktop Application
- GUI-based desktop application exploring UI components and event handling.

To-Do List API
- RESTful CRUD API in Python, endpoints tested with Postman.

Student Alarm & Reminder App
- Android alarm and reminder application built with Java.

CERTIFICATIONS & LEARNING

- Java Programming - Oracle Academy
- Python Programming - Cisco Academy
- Android Development - Student Alarm & Reminder Application
- JavaFX Application Development
- Web Development / API Testing - To-Do List API using Python and Postman
